

E-WISPOC 24

The poster features a dark blue background. At the top left, the text 'E-WISPOC 24' is displayed in a large, white, sans-serif font. To its right, the dates 'February 4 – 9, Bressanone' are written in a smaller white font. Below the title, the full name of the event, 'European-Winter School on Physical Organic Chemistry', is written in a white sans-serif font. The central graphic consists of a white, wavy line that resembles a chemical reaction coordinate diagram. Along this line, there are several molecular models: small blue spheres, larger blue spheres, and complex white ball-and-stick molecular structures. At the bottom of the poster, the theme 'Transforming our Future: Emergent Multi-Functional and Complex Systems' is written in a white, italicized serif font.

E-WISPOC 24 February 4 – 9, Bressanone

European-Winter School on Physical Organic Chemistry

*Transforming our Future:
Emergent Multi-Functional and Complex Systems*

Informazioni **Organize by:** SCI-Division of Organic Chemistry - University of Padova

Luogo: Bressanone (BZ, Italy)

Dal: 4 February, 2024

Al: 9 February, 2024
